Endorsed Education Provider with the “IIBA”™

Toronto, Canada - June 27, 2007 – Bay3000 Corporate Education has been recognized as an Endorsed Education Provider (EEP) by The International Institute of Business Analysis (IIBA). As an EEP, Bay3000 is offering its popular the BA Masters Certificate.

“The IIBA’s vision is to be the leading world-wide professional association that develops and maintains standards for business analysis and practitioner certification. To do that, we need to ensure our members are receiving the highest quality education and training available,” says Kathleen Barret, President of IIBA.

The goal of this milestone is a step toward broadening our course selection for all individuals and organizations from all industry, business, and government sectors. Bay3000 is also now offering the IIBA “Certified Business Analysis Professional”™ Exam Preparation Program.

About IIBA

The IIBA is an international non-for profit association representing the professional interests of Business Analysts and Requirements Managers. The IIBA began in October of 2003, and was formalized at the organization’s first Annual General Meeting in March, 2004. The IIBA headquarters is in Toronto, Canada and the website is www.iiba.com

“The IIBA is an organization that is dedicated to advancing the professionalism of its members as well as the business analysis profession itself. As the governing body, IIBA is seeking to establish common standards of knowledge within the BA profession and is committed to work with practitioners around the globe to continually add to those standards through education, research, and the sharing of effective tools and techniques.” BABOK™ page 20 The “Business Analysis Body of Knowledge (BABOK)” is the source in which the certification is based on. “It is the sum of knowledge within the profession of Business Analysis and reflects what is considered currently accepted practice. As with other professions, the body of knowledge is defined and enhanced by the business analysis professionals who apply it. The purpose of this guide is to identify the Business Analysis Knowledge Area and the list of activities and tasks associated with each. BABOK page 21.
